## Fiscal Analysis

### ASSUMPTIONS:

1. Under current law, to qualify for a golf course beer and wine license, a golf course must consist of 18 holes and 6,000 lineal yards and be within an incorporated city or town or within a mile of the limits of an incorporated city or town. This bill would change those requirements to 9 holes and 2,500 lineal yards and within 5 miles of the limits of an incorporated city or town.
2. This bill would require a \$20,000 initial application fee from any golf course whose governing body is not a non-profit corporation.
3. Under this bill, one additional non-profit golf course would apply for a beer and wine license in fiscal 2004 and no additional for-profit golf courses would apply. The applicant would pay \$500 for the initial license in fiscal 2004 and \$400 for a renewal in fiscal 2005.
4. License fees are deposited in the Department of Revenue's liquor enterprise fund. At the end of each fiscal year, the balance in the fund is transferred to the general fund. The department would not have any additional costs because of this bill. Net revenue to the general fund would increase by \$500 in fiscal 2004 and \$400 in fiscal 2005.
